THE CLEVER SQUIRREL

One sunny morning, a squirrel named Squeaky was playing in the park. He was very happy because he had found a big, red apple! He wanted to take it home to share with his family. On his way, he met his friend, Benny the bear, who was sitting by a tree, looking sad.

"Hello, Benny!" said Squeaky. "Why do you look so sad?"

Benny replied, "I lost my favourite toy car. I can't find it anywhere."

Squeaky looked at his big apple and then at his friend. "Don't worry," he said. "I will help you find your car. You can have a bite of my apple too!"

Squeaky and Benny started looking for the toy car together. They looked under the bushes, behind the big rocks, and even inside an old log. Finally, Benny spotted the car under a big, green leaf! "I found it!" he shouted, full of joy. They both laughed, and Squeaky shared his delicious apple with his happy friend.
